**Essay Response:** All 4CCF scholarship applications require students to share their story in a narrative form using complete sentences and paragraphs. Your essay responses enable review committees to learn more about you. Sharing details about yourself provides the committee with a sense of who you are, how you spend your time, what your circumstances are like, and how attending a college or trade school supports your life goals. Start thinking and writing about the following:

- **Majors:** Be prepared to explain why you’re pursuing a particular major or course of study.
- **Activities and Achievements:** Detail your involvement in academic groups, extracurricular clubs, music, athletics and include information about leadership roles you’ve held and awards you’ve received.
- **Community Involvement:** Describe the ways in which you interact and impact your community through community service and volunteerism either individually or as a member of a group.
- **Special Concerns:** You have an opportunity to explain any difficult circumstances in your life, such as financial hardship, learning challenges, family issues, health concerns, obstacles and adversity.
- **Goals and Future Plans:** List the ways a scholarship award will help you achieve your goals.

**Other information you’ll need when applying**

- **Academic Information:** Your cumulative GPA, an unofficial transcript, your ACT/SAT scores if you took either test
- **Financial Information:** FAFSA Student Aid Index (SAI) report or a document stating why you did not complete a FAFSA form; the number of other scholarships you’ve applied for; the total value of other scholarships you have already received
